

## STREET NAME APPROVAL APPLICATION

For emergency purposes, it is important that names for streets be unique to both the Town of Knightdale and Wake County. Rarely will all submitted names be approved. Therefore, it is general practice to submit twice as many names as will be needed. The Town of Knightdale and Wake County will determine whether the names selected are acceptable. The Street Name web search tool checks for existing street names in Wake County. This can help you select unique names for submission.

### GUIDELINES FOR THE SELECTION OF NAMES:

1. Names duplicating or sounding similar to existing names are not allowed.
2. Do not use names of individuals.
3. Limit names to 14 characters in length, due to sign space restrictions.
4. Names utilizing a direction (e.g. north, south, east, west) are not allowed.
5. Punctuation (e.g. hyphens, apostrophes, periods) are not allowed.
6. Names must include an acceptable street type (e.g. street, avenue, lane, court).
7. Street types should be indicative of the type of street they will be assigned to (e.g. a cul-de-sac should be of the types: court, place).
8. Avoid the use of double types/suffixes (e.g. Deer Path Lane).
9. A cul-de-sac with an opening that is wider than the specified street design width (a "bubble-sac" /"eyebrow") shall not have a separate street name, but shall bear the name of the main street of which it is a part.

### GENERAL INFORMATION

SUBDIVISION NAME/PROPERTY OWNER:	_____
WAKE COUNTY PIN(s):	_____
TOWNSHIP:	_____
INTERSECTION ROAD NAME:	_____ STATE ROAD#: _____
TOTAL # STREET NAMES REQUIRED:	_____

### APPLICANT INFORMATION

Developer
  Property Owner

NAME: _____	
ADDRESS: _____	
DAYTIME PHONE: _____	EMAIL: _____

Street names **must** be placed on all development plans (e.g. master plans, site plans, subdivision plans, construction drawings) prior to final plat approval. Only plans reflecting acceptable street names placed on the particular streets they represent will receive final approval. A copy of the approved application will be returned to you indicating the names accepted.

Wake County Field Services will install signs in the unincorporated areas.

### THIS SPACE FOR KNIGHTDALE/WAKE COUNTY STAFF ONLY

Wake County GIS certifies that 20 names indicated by a check mark  on the following page are approved.
